

WAR DEPARTMENT  
HEADQUARTERS OF THE ARMY AIR FORCES  
WASHINGTON

16 September 1946

Mr. Wallace B. Fruslow, Jr.  
12428 Huston Street  
North Hollywood, California

Dear Fruslow:

It is always good to hear from the men who served with me in the 44th Group. Working here in Washington is much different from the days we spent in Europe.

I am glad my article in the Saturday Evening Post prompted you to write me. I am sure there was no intent to discriminate against the enlisted men of the crew with respect to awards. I do know the awards system did seem to get involved there and as a result, mistakes were made. At any rate, I am having our Awards Section here look into the situation and see what can be done and what is fair.

I hope that you are not finding civilian life too rough and that you will be successful in whatever you are undertaking.

Sincerely,

LEON W. JOHNSON  
Brigadier General, U. S. Army  
Deputy, AC/AS-1
